

# FAITH

## Is the 🪙 of God's Kingdom

By Pastor David Minor, Sr.

Around the world every country has its own economic or monetary system. If you want to deal in the economy of America, you will need something called a "dollar." The currency of European countries is now the "euro." In Japan the "coin of the country is called a "yen."

When you go from one country into another country (if you want to purchase anything), you have to exchange your present money for the currency that is used in that land.

In this world there are two kingdoms: the kingdom of the "**natural realm**" and the kingdom of the "**spiritual realm.**" Jesus said that He had a kingdom, and He said that it was not of this world. When you deal in God's kingdom, you are going to have to make an exchange. In the natural realm you deal by your sight, your

senses, and your logic. You assess situations and make sensible, rational conclusions. But God says, "When you come into My kingdom, you cannot depend upon your natural ability or logic."

The Bible says, "*He that cometh to God must believe that He is and that He rewards those who diligently seek Him.*" The Bible also says that without faith it is impossible to please God. (Hebrews 11:6) So, without FAITH, it is impossible to buy into the promises of God. You cannot deal in the economy of God without faith.

In Hebrews 3:19 (speaking of the children of Israel) the Bible says, "*So we see that they could not enter in because of unbelief.*" They could not enter into a land that was promised...a land that was rich in produce and minerals...a land that was blessed of God. They could not buy into the land because they did not possess the coin of the realm.

Abraham had some coins of the realm. His body was as good as

dead, but he had a few coins. He had faith! He believed the Word of God and in the course of time, he held his son Isaac (God's promise) in his arms.

We need to exchange some of our useless coins. What works in the natural realm will not work in the spiritual. We need to come out of the land of sickness and disease and start walking into the land of healing. We need to come out of the land of depression, fear, and doubt and start walking in the land of blessing.

Faith is the coin that we need! God has prepared a land of promise for his children, but you can't buy anything there unless you make the exchange. You have to give up your doubt and unbelief. You have to give up your dependency on natural ability and natural thinking and buy into God's promises with FAITH.

Faith is calling those things that are not as though they were. Faith is the evidence of things not seen.

Faith touches the heart of God and moves the hand of God. Faith is what we need. The promises of God are not bought with silver and gold and they will never be apprehended by someone who operates in the realm of the natural. The precious and wonderful promises of God will be claimed by men and women who believe His Word and hold in their hands the coin of His heavenly kingdom!
